

Update: Linn Lanes Bowling Center Summer Free Bowling Program

We are sad to share that we are currently unable to offer our Summer Free Bowling Program for kids at Linn Lanes Bowling Center. We love welcoming young people from our community into the center each summer and we take our ability to provide a safe and affordable summer activity very seriously. We know this has been a difficult year and this is another disappointment.

The safe social distancing practices required to operate our center and prevent the spread of COVID-19 have significantly limited the number of bowlers we can serve. These actions include keeping a lane between each group, limiting the number of people per lane, and sanitizing the entire area and all equipment between guests. Following these social distancing procedures will help keep our staff and customers safe.

Currently, we are scheduling times for winter league bowlers to complete the season. This requires league bowling outside of the regular times and significantly reduces lanes that are available for open bowling. Open bowling is still available at limited times and regular rates. The schedule is posted on our website or give us a call before coming in.

We are hopeful that we still might be able to offer our free bowling program to kids in the community later in the summer. We appreciate your support, patience, and flexibility during this difficult time. We will keep you updated about the free bowling program and other activities at the center.
